

roofer RW3400

roofer RW3400

the professional lightweight welder for the roof

simple. good. affordable.

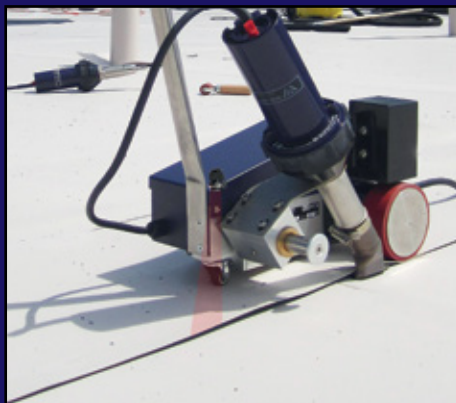

roofer RW3400

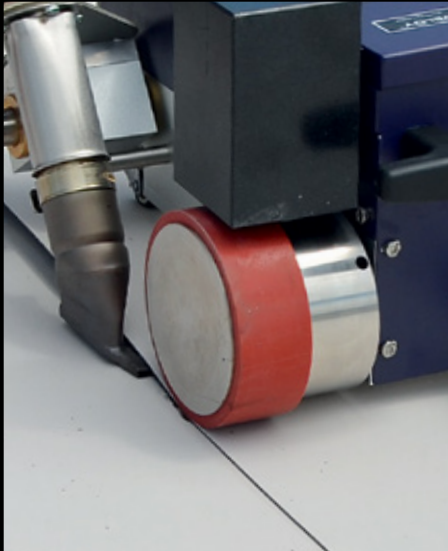

The handy hot air welder convinces with a welding quality like the giant machines: handy, simple and good!

Lightest in its class!
(only 13 kg)

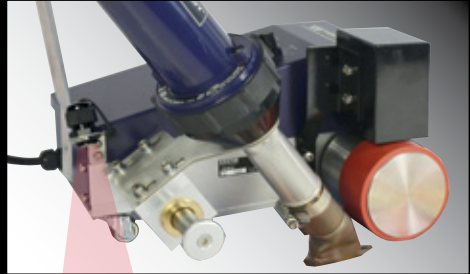

www.weldy.com

Extra wide 40 mm welding nozzle fulfills international roofing standards.

Heavy weight direct above the contact roller results in a high quality weld seam.

Very strong 3400 W hot air blower to reach the desired temperature and air volume.

Integrated laser beam for easy machine guidance.

- Welding speed free adjustable up to 7.5 m/min
- Made for TPO and PVC material
- Automatic driving and welding start
- Guide bar for easy handling
- Free adjustable welding temperature

The ideal supplement to the WELDY roofing devices

WELDY energy 1600 overlap welding kit.

One of various roofing applications.
